

*Iobhar Eternal*

*Tonight, when the sun has set and the stars have come out, the Brother of Wizards is planning to make his way to the hidden threshold of the Imperial regio in Anvil. Once his business there is concluded, the Toad King plans to meet with a select group of Imperial magicians for a more intimate discussion.*

*The Father of Bats requests an opportunity to speak with members of the Navarri Eternal Family, the scions of Terunael. The Watcher in the Black Abyss requests that - if it is not too late - you might come and visit him at the eleventh hour after noon tonight.*

*This will be an informal meeting – the Dark Lord is interested primarily in discussing matters interest to Navarri magicians, and the interests and goals of the Eternal Family. It is the desire of the Black Sloth that you bring also the vate Siân who the Eater of Secrets believes is the only master of Night magic in your coven.*

*You might also bring Bledri if you and he are of a mind. If the Black Sloth could he would meet with the entire family, but given the likely venue it is doubtful everyone will be able to find somewhere to sit.*

*The Watcher in the Black Abyss has set aside half an hour or so for the meeting, and while there may be some discussion of secrets suitable only for the ears of the Family, it is to be hoped that there will also be time to speak of pleasant things.*

*Share wisdom with those who are worthy*
