

Jarrigk,

Regarding our discussions around the summit and your curse.

The Golden Spider does have some abilities relating to the “Like Water Through Fingers” curse. Acquired I believe from elsewhere in the Autumn Realm.

We have given to Raphaela von Holberg an item that will remove it from you.

She will only use it after first witnessing someone cast Wisdom of the Balanced Blade upon you to verify that the curse you suffer is what you believe it to be and after hearing others speak of how you tried to secure an approach that might boost trade for signatories of the pact rather than sanctioning non signatories as your part in this bargain.

Seek her in the hub around half past eight on the first evening of the Equinox, or at other times over the gathering.

May you be rich in favours and friends
