

## **Imperial Orcs!**

The humans of the Synod have listened to us. They have taken the words of Bonewall Rek and Bonewall Cole to heart, and recognised our souls, recognised our need to make new ancestors by crossing the abyss. Now, we are a part of their Way, instead of being apart from it.

## **Celebrate our victory!**

But do not lose sight of the journey. How did it take this long for official recognition? Why, even recently, have orcs been put under Inquisition or Condemnation for asking questions? Orcs who have felt, deep in their hearts, the truth about the Orcish Way - they have been silenced!

## **Never let your truth be silenced!**

Shout it from hillsides! Speak it to your friends! Act upon it, for as the humans like to say, only actions are Virtuous. Do not let another's voice make yours silent!

## **Never be stopped!**

Your only limits are your own. Set yourself none! Become who you were meant to be, cross that Abyss! Our time is fleeting, so do not let your time be wasted.
