

Tarquinius Ankarien,

I appreciate your willingness to work with us despite the rules of your Empire. Indeed, knowing the recipe for Weakening Sun would provide a massive boost to our efforts in uniting Kaban to one cause.

My associates and I are eager to help you in return, but unfortunately have never heard the terms 'The Dream Gate' or 'The Spirit Gate'. Asking around has also proved fruitless. Do you have a description of these concoctions you could provide? Maybe a description of their appearance or the effects of consuming them?

Apologies that we won't be able to meet your deadline. I hope you understand that we are trying to cooperate, but will need more information to know if we can be of use.

It may turn out that we know these substances by another name, and if so we will certainly share all we know in return for information about Weakening Sun.

Yours,

Hippolytus Marinos
