Dreams of the Harlequin Ribbon ID: 12538 You experience uneasy, fitful sleep. You dream of endless shifting intrigues, wheels within wheels and a multitude of plots and schemes – but when you wake you cannot remember the details of the conspiracies you have uncovered. These dreams occur even if you are under an effect which would cause you not to dream or not to remember your dreams.

If you are the target of Detect Magic or any divination ritual, show this card to the referee.
