

Below lie the Boons of The Iron Duke rewarded to the Imperial Cadets for their actions in Reikos in Summer 379YE. Let these items be used in the pursuit of glory and heroic victory so that the Iron Duke knows that his favour was well placed. His attention is upon you now, as it has also been upon the young warriors of your opponents, the Jotun, who you may face again. Who will be the most impressive? Whoever it is will surely continue to reap further rewards
