

Micha

We met last Winter when my coven and I met your coven and worked together. You took some coded documents I have from my mother - I do not know if you have been able to do anything with them or not, but it doesn't matter. I would value your advice even if you decided the best thing to do with them was to burn them, or if you have lost them in the days that have passed since then.

I need advice this Solstice because the Equinox approaches, I know what my coven intend to do, and that we have new members now that will mean we won't need help to do it.

I can't decide whether to stop them or not.

Will you meet with me?

If you will, perhaps you will send me a Winged Messenger to Tomash of the Beasts Bane, The Furtraders Camp, Outside Anvil - giving me a couple of times that would be good for you and I will try to make them or let you know if I cannot? I will bring with me Mana to return any you used to send the message.

If I do not hear from you, I will be coming to visit Varushka to seek advice from the Wise Ones on Sunday morning of this Solstice and will perhaps seek you out then.
