

Tono Shartha Riqueza,

Challenged as you have been it is highly recommended that you take advantage of the following conjunctions taking place over the spring equinox:

22:20 Friday night – Conjunction close by to Edina's Herbs & Seeds in Oranseri, Feroz

We have taken the liberty of inviting the current Grendel delegate to the Temple of Balo and the Black Bull to meet you in this quiet location, away from prying eyes to discuss the temple's "guests".

17:15 Saturday – Conjunction to the Field of Sighs in Oranseri, Feroz

The closest a conjunction gets to the Temple this season. You will not be able to reach it, but those inside the temple could be convinced to meet you here.

Good luck.
