

Greetings to the Cardinal Irada von Temeschwar,

I am writing on behalf of Melchior to inform you of the most recent information we have received from our associate in Nemoria.

The Asaveans have traded an amount of White Granite to the Grendel in Spiral, and with it one of the slaves involved in the uprising.

My intermediary with the uprising has informed me that if you were to organise the rescue of even one of the slaves from the Grendel then they would be willing to talk to you. They have told me to pass on that the slaves know who the name of a contact, one who would be able to receive winged messengers, and so your primary concern should be in rescuing them.

As far as I have been able to discover, these particular Grendel have been working in the quiet field close to Solen's Doubt, Apstrus, Spiral. You should look to the Sentinel Gate to see if there is a conjunction.

Yours,

Jonah of the Silent Bell
