

*In the Holy Names of the Paragons, Righteous Overseers of our Destinies,*

*We are the Free Folk writing to you to ask a question.*

*We are coming to Anwil. Several Exemplars have been pronounced recently. We believe their families go to Anwil Summits and we want to meet them. We would hear their stories and pass them on, and pay them the proper respect.*

*We write to ask that those who knew the Exemplar best meet us at the Forge tavern at the fourth hour on Saturday afternoon. Whether that is their priests, family heads, their rememberers, their comrades in Virtue — we have written many of these notes to send.*

*With the deepest respects,*

*The Free Folk of Marracoss*
