

Laffiette De Maniesperte Morosini Von Temeschwar,

At the Equinox, you caught the attention of the Prince of the Argent Tontine.

Your debt is not yet due, but should you wish to pay it early, seek out Oscuro Kira di Tassato who can assist you in meeting with one of his Secretaries.

Even if you do not wish to pay yet, you might seek the opportunity, from Oscuro, to further your interests with the Sovereign Lord of the City of Chains and acquire greater wealth and power.

Do so early if you will. A Secretary will visit Anvil on the first evening of the Solstice.

Lanister, Secretary
