

*Support the Burning Falcon. Don't care how, just do it.*

*Get whichever Barossa has it to cast that territory-wide Unfettered Anarchy.*

*Make sure nobody interferes with the miners at the Well of Janon.*

*Destroy the Druj.*

*Get armies to keep inviting my Heralds along. Resupply, combat, any front, doesn't matter. Maybe the Iron Helms when they're being truly monstrous. Or one of the Highborn when they're in a proper Crusade.*

*Find a Nemesis. Also get more people to have nemeses. Preferably where they are also in love with their nemeses.*

*Curse anyone who attempts to silence religious dissent. Failure to argue is failure to do it right.*

*Build a giant pillar of eternal flame somewhere.*

*Support the Asavean rebels however you can.*

*Stoke the fires of the Miners in the Mournwold.*

*Make the Freeborn and the Lasambrians either be best friends or worst enemies or both.*

*Get the Emperor to attend Senate while under Freedom of the Soul or Unfettered Anarchy.*

*Get people to do more art.*

*Don't be boring.*
