- (You) If they say somewhere with no vallorn - its no good.
- (You) There is a price and the Ashen Knights Price is this - a Forest region will burn. Not the one where the Ashes are placed. One you offer to Surut in bargain. A Navarr region or one of another area.
- (You) Let them talk. If another nation makes a formal offer instead - yes. Kat will add clarifications
- (You) as always we will act with a seasons delay from when you tell us. You will have to quest to travel to trigger our aid.

- (You) tell me about the Black Knight why are you challenging in someone elses name?

The Price for 2 pieces of Knowledge is starting your fight with burning wounds - not now but on the day of your fight.

- (Kat) the bargain details - 1 lasting wound to you earns the knowledge of why the fight is so dangerous. 1 lasting wound to every one who fights with you is the price of them being allowed to engage the Ashen Knights assistants rather than be repelled at the edge of the territory.
- (You) The Baron will collect your answer tomorrow from Dawn.

Both of you

Its time for you to leave. Be aware that your archmage tried to play political games with The Burnt Knight. Surut would be pleased to see him caused pain.
