

Vesna Otecovna Zlata

As agreed with your Cabal we are planning on travelling to Anvil on the Saturday of the Winter Equinox.

I believe that you will have created the Arcane Projection by then.

We shall bring six of our number, all masters of spring lore.

We will look forward to casting this curse with you, .I trust you have the foci needed for us to join your cabal.

We shall try to find you as the sun sets on the Saturday
