

Aneira

We seem to be crossing the river on different bridges.

Last Solstice you were not in Anvil, this Equinox I am not.

You will no doubt, be keen to explore the trade of favours you made at the Autumn market.

A statement of principle in the Navarr National Assembly to be raised. The first one we offer for you to commit to or reject is this – a clear show of support for all Bourse resources in Navarr to become National not Imperial. One step towards Prospero's boon for the whole Empire.

If you'd like to discuss this with one who can – in very small matters – speak for the Golden Spider, and who has means to contact him when they do not know his intentions – seek our Raphaela von Holberg or Kseniya Sloev this Equinox. You will likely find Raphaela in the hub around half past eight on the first evening of the Solstice and Kseniya in Varushka in the daytime when troops have gone to battle.

May you be rich in favours and friends
