

**Location Aura:**

Chamber of Unity

***If you are reading this, you now have the VENOM condition.***

*Once within the next 10 minutes you may perform a Quick Insight upon somebody within the same location aura with 10 seconds of appropriate roleplaying. This ability may be used once per event.*

*Everyone within this area feels a profound sense of inner peace and connection to those around them. In your eyes, colourful lights dance in a shifting aura around sentient creatures, and you are disinclined towards aggression. You believe yourself to have a deep understanding of anyone who speaks to you, regardless of whether you actually do. If you are a human with lineage, one or more of your roleplaying trappings are significantly amplified to the point where they may dominate your roleplaying or cause you to become overwhelming.*

**Remove After TIME OUT On:**

This aura can be interacted with as if it were a magic item with a ribbon # of **43458**
