

By the hand of MENOS for THOSE WHO ARE OUR
WITNESSES and for THOSE WHOM IT CONCERNS and for
THOSE WHO ARE MOVED TO ACT

We continue. Conditions in this place continue. We are witness of
the horror. You are witness of us. Menos is witness of you.
Forget us not.

It is not nothing that you tell us that we are not forgotten
but it is the next best thing. You have vast resources that we
do not, hundreds of mana, ritual covens dozens strong, the ear
of the Eternals – up until receiving your message we had taken
your best wishes as read, shortly after you saved our lives and
sanity, yes? But NOW IS THE TIME OF THE SEERS. You
should be able to see it even if you cannot affect it. Has there
been any change in Spiral that you can see? What do you see,
at all? Is the influence of the Plateau uniform over Spiral? Is
there a place where it is stronger? One where it is weaker?
What see you from the high places, from the sun and the
moon? What say the Eternals you have not yet asked? What
do those that dream, dream of Spiral? TELL us. Help us help
you.

Our bond our connection that is all very well and good but give
us information. From your vantage you can see far far far far
far far more than we ever EVER could and we have but one
piece. What do you see? TELL US. If the answer is not
'everything' THEN GO AND SEE EVERYTHING AND THEN
TELL US WHAT YOU SEE. You have suffused us in wisdom
BATHED US IN VIRTUE virtue ACTS virtue INSPIRES. So
give us this information.
