

*Spirits of our nation!*

*By Autumn we send this missive and hope it reaches you in time. The army of the undead have moved into Hawksmoor. There have been sightings of Yeoman's Pasture and Questor Wood. This afternoon a band of knights fell at the Fields of Estelle and we have just fled up Weir Lane as fast as we can. I hope this information can help you aid the people of Hawksmoor and by the yeomany more time to flee.*
