

Corsair Rumours

In the few weeks before the Summer Solstice, you hear rumours from a handful of corsairs and sailors on the Madruga coast of a foreign warship (or perhaps warships) sneaking around secluded coves that dot the many islands of the territory. Those that have spotted them say they seem to be taking pains to avoid being spotted, and only seem to be really active at night, though no-one can say to what end. The most common rumours seem to be coming from around Free Landing, especially Mudport.
