A Note regarding the Imperial Offices

The Imperial Offices is an Imperial sodality dedicated to supporting the Throne in the performance of their duties. It also seeks to encourage politically minded citizens and to provide them with experience of the Empire's system of government.

The Imperial Offices were established by the Senate as the first action of Imperatrix Lisabetta after her election in Spring 380YE.

The three senior advisors are:

- ❖ Chamberlain Severin Teyhard von Holberg
- ❖ Chamberlain Kellua Itsepainen
- ❖ Chamberlain Aureliana Saverio d Sarvos

Aides

Aide roles primarily require some time and a willingness to help out. They are particularly suitable for those 'new to Anvil' - but not exclusively so. Spending time as an Aide can provide a way to understand the sweep of Imperial politics and how to 'get things done' in Anvil.

To find out about becoming an Aide, come to the Offices and speak to:

- ❖ Master of the Imperial Mint, Lieselotte van Holberg
