

Black Plateau

Nicassia of Phoenix's Reach

Through the gate and here we go, Up, up to the Black Plat - eau, With
Cou-rage and Pride to face the foe, High up on the Black Plat - eau. There
is a place in U - ri - zen fair, Up, up to the Black Plat - eau, Where
whisp'ring voi - ces fill the air, Those who tread should tread with care, Don't
trust what you hear on the air, High up on the Black Plat - eau.
