

MANDALA LRP

presents

8th-10th November 2013

An Empire LRP player event

*Dark Hearts in
the Deep Forest*

"The Empire calls for its heroes. The Bourse needs your aid. An urgent mission to a remote vale., deep in the chill woodland of Varushka. Barbarian hordes threaten vital resources. Heroes from all nations are needed. Renown, recognition and rewards are ready to be claimed. Who will answer the Empire's call?"

Dark Hearts in the Deep Forrest is the first in a series of games by Mandala LRP, set in the Empire world. This game aims to combine mysteries and intrigue with a healthy dose of horror and combat as we feel befits a story set in a forboding Varuskan vale.
