

# Dawnish War Song

Sword and shield and armour bright  
Yeoman and witch and knight  
Now we march and now we fight  
Now have no fear, fight with me for glory here

Trumpet call and battle cry  
Raise the standard up on high  
Victory or else we die  
Now have no fear, fight with me for glory here

Take your weapons in your hand  
Shield to shoulder now we stand  
Never yield a foot of land  
Now have no fear, fight with me for glory here
