There are eight denominations of coin in the Empire:

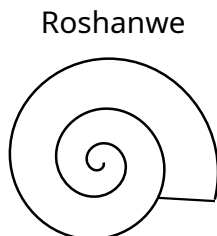

- 1 ring
- 5 rings
- 1 crown
- 4 crowns
- 1 throne
- 5 thrones
- 20 thrones
- 100 thrones

These values relate to each other as follows:

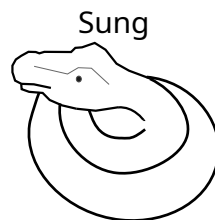

- 20 rings = 1 crown
- 80 rings = 4 crowns = $\frac{1}{2}$ throne
- 160 rings = 8 crowns = 1 throne
- 320 rings = 16 crowns = 2 thrones
- 800 rings = 40 crowns = 5 thrones
- 1600 rings = 80 crowns = 10 thrones
- 3200 rings = 160 crowns = 20 thrones
